

GOLF CLUB PARTNERSHIPS IN DFW

On-Site Foot Assessments • Custom Orthotics • Member Clinics

WHY GOLFERS BENEFIT

Golfers need stability, balance, and efficient weight transfer. Custom orthotics help by reducing pain and improving swing consistency.

Common issues addressed: heel pain, knee strain, hip rotation limits, balance problems, lower-back fatigue.

Performance benefits: better stance, smoother weight transfer, improved balance, reduced fatigue, pain-free play.

BENEFITS FOR YOUR CLUB

For the Club:

- **Stronger member experience**
- **Differentiation from other DFW clubs**
- **Support for events and tournaments**

For Teaching Pros:

- **Fewer lessons disrupted by pain**
