

Custom Fit Shouldn't Stop at the Ankle

Michael L. Ashley, C. Ped: Foot-Fit Expert

Custom clothing is designed around your individual frame, and bespoke footwear is built specifically for your foot. But true comfort and alignment connect everything together. With over 20 years of clinical Pedorthic experience, I help clients nail the foundation underneath so their entire stride feels effortless.

What I Do for Clients

- Custom Orthotics & Precision Inserts
- Specialty & Custom Footwear Solutions
- Pressure Relief & Targeted Offloading

- **Toe Fillers & Structural Accommodations**
- **Compression Socks & Hose Fitting**

Partnering with Artisans

- **Custom Clothiers, Tailors & Bespoke Shoemakers**
- **Enhancing Posture and Alignment**
- **Protecting Garment & Footwear Longevity**
- **Joint Client Consultations & Events**
- **Special Fitting Options for VIPs**

The Natural Connection

Your custom tailor or shoemaker creates an immaculate fit from the ankle up. My clinical practice focuses entirely on the foundation underneath it. Whether you're an individual looking to eliminate foot pain or a local craftsmanship business wanting to add value for your clients, let's collaborate to build a complete custom-fit experience.
