

QUALITY FOOT CARE IS AN INVESTMENT IN HOW YOU MOVE

The right solution isn't always the most expensive one. It's the one that's right for you.

As a **Board-Certified Pedorthist & Orthotics and Mobility Specialist**, I help you find the right combination of **footwear, orthotics, compression and other foot-care solutions** based on your individual needs.

My goal: recommend what you need, not what you don't.

CUSTOM ORTHOTICS

\$325–\$400

Individually designed to support your specific foot and lower-extremity needs.

May help with:

Foot discomfort • Alignment • Standing & walking • Work fatigue • Athletics • Golf • Specific foot conditions

Not sure you need custom orthotics? Your evaluation helps determine if they're right for you.

CUSTOM ORTHOPEDIC FOOTWEAR

\$600–\$800

For feet requiring more accommodation than standard footwear can provide.

Assess → Plan → Measure → Design → Fit → Follow Up

A personalized footwear solution built around **your feet**, not simply a pair of shoes.

PROFESSIONAL FOOTWEAR SOLUTIONS

Not everyone needs custom footwear.

I professionally fit footwear for:

WORK

Work Boots • Slip-Resistant • Long-Shift • Healthcare • Hospitality • Construction & Industrial

LIFESTYLE

Walking • Golf • Running • Athletics • Travel • Everyday Comfort

SPECIALIZED NEEDS

Diabetic • Therapeutic • Extra-Depth • Wide/Specialty Sizing • Orthotic-Friendly

The goal isn't the most expensive shoe. It's the right shoe for your feet and your life.

WHY A BOARD-CERTIFIED PEDORTHIST?

You can buy shoes almost anywhere. Expertise is different.

With **20+ years of Pedorthic experience**, I take a comprehensive approach built around three areas:

CLINICAL

Foot Pain • Orthotics • Diabetic Protection

OCCUPATIONAL

Work Footwear • Compression • Long-Shift Comfort

PERFORMANCE

Golf • Running • Walking • Athletic Footwear

NOT SURE WHAT YOU NEED?

That's what I'm here for.
